Asthma UK is the only charity dedicated to the health and well-being of the 5.2 million people in the UK with asthma. By taking control of their asthma, most people's day-to-day lives should be free from disruption such as troubled sleep or not being able to exercise.

## Why take the Asthma Control Test™?

The Asthma Control Test™ will provide you with a snapshot of how well your asthma has been controlled over the last four weeks, giving you a simple score out of 25. Asthma symptoms can vary from month to month, so it is worth keeping the test handy to see if your score changes. You can also share your results with your doctor or asthma nurse to help explain just how your asthma affects you.

## Are you in control of your asthma? Or is your asthma in control of you? Here's how to find out

- **Step 1:** Read each question below carefully, circle your score and write it in the box.
- **Step 2**: Add up each of your five scores to get your total Asthma Control Test™ score.
- **Step 3:** Use the score guide to learn how well you are controlling your asthma.

During the <b>past 4 weeks</b> , how often did your asthma prevent you from getting as much done at work, school or home?		s much done at Score:
All of the time 1 Most of t	he time 2 Some of the time 3 A l	ittle of the time 4 None of the time 5
During the <b>past 4 weeks,</b> how often have you had shortness of breath?		Score:
More than once a day Once a day	2 3-6 times a week 3 1-2	2 times a week 4 Not at all 5
During the <b>past 4 weeks</b> , how often did your asthma symptoms (wheezing, coughing, chest tightness, shortness of breath) wake you up at night or earlier than usual in the morning?		
4 or more times a week 2-3 night	once a week 2 Once a week 3 Once	cce or twice 4 Not at all 5
During the <b>past 4 weeks,</b> how often have you used your reliever inhaler (usually blue)?		lly blue)?
Q4 3 or more times a day 2 2-3 times a week 3 Once a week or less 4 Not at all 5		
How would you rate your asthma control during the past 4 weeks?		Score:
Not controlled 1 Poorly controlled 2 Somewhat controlled 3 Well controlled 4 Completely controlled 5		
What does your score mean?  Total Score		
Score: 25 – WELL DONE	Score: 20 to 24 – ON TARGET	Score: less than 20 – OFF TARGET
<ul> <li>Your asthma appears to have been UNDER CONTROL over the last 4 weeks.</li> </ul>	R CONTROL over the last  REASONABLY WELL CONTROLLED  during the past 4 weeks.  Ver, if you are experiencing roblems with your asthma,  REASONABLY WELL CONTROLLED  during the past 4 weeks.  Vour doctor or nurse can recommend an asthma action plan to help improve your asthma control.	
<ul> <li>However, if you are experiencing any problems with your asthma, you should see your doctor or nurse.</li> </ul>		

## What can you do now?

you should see your doctor or nurse.

Like many other people in the UK, it is possible that your asthma could have less impact on your everyday life. You can get a free pack full of information about how to take control of your asthma, including an action plan to fill in with your doctor or asthma nurse, from Asthma UK.
